TUBERCULOSIS SANATORIUM, MUDASHEDDE, SOUTH KANARA DISTRICT

PRESENTED TO

The hon'ble Sri A.B.Shetty, M.L.A., Minister for Health, Madras.

MINISTER FOR HEALTH & GOVERNMENT OF MADRAS 17 SEP 1952

Re: Suspension of payment of the contractor's bills by the South Kanara Treasury, Mangalore.

Ref: 1. G.O.Ms.No. 3403 P.H. dated 26-9-49.
2. Surgeon-General's letter Ref.No.22132-10G.2/50 dated 27-7-50 to the Secretary, S.K.Dt.Branch of the M.P.W.Fund and No.22132-11G.2/50 dated 27-7-50 addressed by him to Government.
3. G.O.Ms.No.3096 Health dated 5-9-50.
4. Govt.memorandum No.33172 L/50-6 dated 31-1-51.
5. G.O.Ms.No.2014 Health dated 6-6-51.
6. Govt. Health Dept. Memorandum No.61324 L2/51-7 dated 15-3-52.

Notwithstanding the orders in G.O.Ms.No.2014 Health dated 6-6-51, it took nearly ten months before the S.K.Treasury commenced to pay the contractor's bills and that after the issue of Govt. Health Dept. memorandum No.61324 L2/51-7 dated 15-3-52. The first series of bills for 7 works aggregating to Rs 35,132 was paid by the Treasury on 9-4-52. The 2nd series of bills for 5 works amounting to Rs 10,398 was paid on 23-6-52, when the total amount paid till then aggregated to Rs 45,530. Later 2 bills amounting to Rs 7993 were presented to the Treasury on 3-8-1952, but payment of the same was declined. The Treasury appears to have taken that the total payment by it was to be limited to Rs 29,000/- mentioned in para 3 of G.O.Ms.No.2844 Health dated 17-8-51. The Treasury is unable to appreciate that the contribution of Rs 98,107-4-6 by the Dt.Branch of the M.P.W.Fund, which has been remitted to Government is also available for being used on the work. Hence it believes or fears that there has already been overpayment to the extent of Rs 16,530. The matter has been referred by the Treasury to the Accountant-General on 12-8-1952 and the bills have been returned to the Secretary of the Dt.Branch of the M.P.W.Fund on 26-8-52. No orders appear to have been received so far from the A.G.

2. There is deadlock once again. The works will in consequence suffer most seriously. Four works at any rate, i.e, of Administration Block, Ward Block of 40 beds, quarters for 3 nurses and quarters for Sub-Assistant Surgeon have advanced too far now to cry a halt. Even if they are partially completed as they will necessarily have to be, the Dt. Branch of the M.P.W.Fund will not be in a position to meet the legal liability of the contractor's dues because of want of funds. No further work whatever can be done on the construction of the quarters for one compounder, 4 Nursing Orderlies and 3 Thoties. It had to be stopped with the completion of their foundation and basement owing to the suspension of payment of bills by the Treasury and the consequent uncertainty and anxiety. Disaster is certain unless Government immediately release for utilisation the contribution of Rs 98,107-4-6 apart

3

from their own share of Rs 29,400/-

3. The scheme for starting the T.B.Sanatorium at Mudashedde was put in hand for execution by the Dt. Branch on the specific -assurance of the Surgeon-General in his Ref.No.22132-10G.2/50 dated 27-7-50, wherein he stated " As at present situated, a sum of Rs 1.98 lakhs is available to be used for constructing the Sanatorium and equipping it (as detailed by him in his letter)" This sum of Rs 1.98 lakhs comprised of the Dt. Branch contribution of Rs 98,107-4-6 plus Government share of Rs one lakh.

4. Accordingly, the construction of the essential buildings relating to the Sanatorium was in G.O.Ms.No. 3096 Health dated 5-9-50 left to the Dt. Branch subject to 3 conditions - i. that the designs, etc. of the buildings were in accordance with the P.W.D.Specifications , ii. that the construction was done under the supervision of the P.W.D.Officers and iii. that the Government would not provide any additional sum from State funds for the construction of the above buildings over and above their share of Rs one lakh. These conditions are being fully complied with. And it may be asserted that in designing buildings considerable economies have been effected and the works are being carried out efficiently, its quality being in no manner inferior to the best P.W.D. quality.

5. From the above it was obvicusly clear that not merely the Govt. share of Rs one lakh, but also the whole of the Dt.Branch contribution of Rs 98,107-4-6 would be available and could be freely ~~xxxxxxxxxxxxxx~~ used on the work, the Dt. Branch having only to meet the additional cost involved in the completion of the items of works detailed by the Surgeon-General in his letter dated 27-7-50 mentioned above.

6. The above position is confirmed by the orders in para (iii) of Govt. Memorandum No. 33172 L/50-6 Health dated 31-1-51, which while saying that all payments should be made by the Executive Engineer after passing bills, directed that " such payments should be restricted to the contributions actually credited by the S.K.Dt. Branch of the M.P.W.D.Fund to the head 'XXXIX Civil Works' plus Govt. part of the expenditure up to Rs one lakh ---."This meant that the total payment was to be restricted to Rs 98,107-4-6 credited by -the Dt. Branch plus Govt. share of Rs one lakh, or in all ---- Rs 1,98,107-4-6.

7. G.O.Ms.No.2014 Health dated 6-6-51 which was issued in partial modification of the above Govt.Memo.No.33172 L/50-6 Health of 31-1-51, merely altered the agency for the payment of the contractor's bills, from the Executive Engineer to the South Kanara Treasury, specifying,however, how the bills were to be prepared, checkmeasured and arithmetically checked, etc. by the Construction Sub-Committee, how they were to be got certified by the Executive Engineer and then presented to the Treasury for payment. But the -position regarding the extent ~~to~~ up to which payments were to be made

5

by the Treasury remained unaffected, and this limit was Rs 1,98,107-4-6 as before.

8. The President of the District Branch of the M.P.W. Fund, in his letter No. 67/51 dated 7-6-51, pleaded with Government that i. the Dt. Branch contribution of Rs 98,107-4-6 be transferred back to the Branch immediately so that it might be available for works without any formalities whatever, ii. that equipment, etc. be suppli by the Medical Department and for this the estimated provision of Rs 50,600/- out of the Government grant or share of Rs one lakh be reserved for the same, iii. that laying water, lighting and drainage including provision of flush lavatory seats or other sanitary fittings, septic tanks, etc. be carried out by the P.W.D. and the estimated provision of Rs 20,000/- be reserved for the same out of the Government grant or share of Rs one lakh and iv. that the balance sum of Rs 29,400/- out of the Government grant or share of Rs one lakh be made available for the works under execution by the Dt.Branch.

9. Item i. of the above para 7 was not approved by Government in para 2 of G.O.Ms.No.2844 Health dated 17-8-51, apparen ly because they desired the contractor's bills to be presented to the S.K.Treasury for payment as enjoined previously in G.O.Ms.No. 2014 Health dated 6-6-51. Items ii., iii. & iv. were approved in paras 4,5 and 3 of G.O.Ms.No. 2844 Health dated 7-8-51 , i.e, out of the Government grant or share of Rs one lakh, a total sum of Rs 70,600 was to be reserved for use by the Medical and P.W.Departments and the balance sum of Rs 29,400/- was to be available for works under executic by the Dt.Branch.

10. Thus the total sum that became and should be made available for use by the Dt.Branch was Rs 98,107-4-6 (the Dt.Branch contribution) plus Rs 29,400/- from out of the Government grant or share of Rs one lakh, or in all Rs 1,27,507-4-6.

11. With reference to para 2 of Government Health Dept. Memorandum No. 61324 L2/51-7 dated 15-3-52, it is prayed that the above whole sum of Rs 1,27,507-4-6 be made available immediately for utilisation during 1952-1953, because no expenditure whatever was m by Government during 1951-52 and the whole sum is required for util sation possibly by December 1952. It is further prayed that instructions be immediately issued to the A.G. and the S.K.Treasury to honour and pay the contractor's bills without further delay up to the above limit of Rs 1,27,507-4-6 pending allotment of funds.

Failing relief as above prayed for, the works will soon come to a stand-still, there will be serious complications and the scheme may end in a fiasco.

According to the authorisation conveyed in the A.G's references cited 2nd and 3rd above, bills presented by the Secretary Mudushedde T.B.Sanatorium were paid towards the grant of Rs.1,00,000 sanctioned in G.O.No.cited 5 above. The total payments made so far come to Rs.45530/- From the Government Memo.No.61324/L2/51 7 dated 15.3.52 produced by the Secretary of the T.B.Sanatorium it is seen that out of the grant Rs.50,600/- has been reserved for purchase of equipment and Rs.20,000/- for water and drainage works. The balance alone has to be utilized for the building purposes of the sanatorium. The payments made from this treasury were for building purposes and this has exceeded the limit prescribed in the Government Memo for the purpose by Rs.16,130/- In his reference cited 4th above the Accountant General suggests that in view of thespecifications contained in paragraphs (4) & (5) of G.O. Government's ratification is necessary for the payments made in excess of the specifications. I request that the payments made may be ratified.

A copy of Accountant General's communication is enclosed.

With reference to your letter quoted above on the subject indicated, the following remarks are ordered:-

1. As Government have specifically stated in paragraph 4() and (5) of the G.O.referred toby you, that sums of Rs.50,600/- and Rs.20,000/- respectively have to be reserved for purposes other than actual cost of construction of buildings proper thesum that could be utilised out of the Government grant of 1 lakh for building purposes is only Rs.29,400/- As such, no further payment can be made for the construction of buildings. Also, the amount already paid in excess for thes purpose, viz., Rs, 16,130/Rs (Rs.45,830/- Rs.29,400/-) requires the ratification of Government.

2. The payment of Rs.35,132/- made on 8.4.1952 also requires regulatisation by Government.

ORDER (MS) NO. 3526 HEALTH, DT. 8.11.52

In G.O.No.3403 P.H., dated 26-9-49, the Government sanctioned the construction of a T.B. Sanatorium at Mudeshedde, South Kanara district at a cost of Rs.3,90,800 taking into account the promised donation of Rs.2,67,607-4-6 by the South Kanara District branch of the Madras Provincial Welfare Fund. Out of this promised donation a sum of Rs.98,107-4-6 only was actually paid and deposited in the Treasury. The Govt. provided for the work a sum of Rs.1 lakh in the budget for 1950-51 but as it was not utilised during that year for the same amount a similar provision was made in the next year's budget also subject to the condition that out of this sum of ~~Rs.1 lakh~~, Rs.50,600 for the purchase of equipment and a further sum of Rs.20,000 for water and drainage works should be reserved. This amount has not ~~been~~ so far been utilised by the Welfare Fund and no provision has been made for the work in the current year.

2. It is now brought to the notice of the Government that a sum of Rs.45,530 has so far been paid towards the bills of the contractor engaged in the construction of the sanatorium and that further bills are pending payment. The A.G. is informed that necessary funds will be provided in the budget for this work in due course under "50-Civil Works -

A copy of a statement furnished by the Treasurer of the South Kanara Branch of the Provincial Welfare Fund is enclosed. It transpires from the statement of the Treasurer the bills

bills amounting to Rs.44,507/- (Rupees forty four thousand five hundred and seven) are still outstanding and unpaid for. The amount already paid ~~xxxxxx~~ is Rs.45,530/-. The total comes to Rs.90,037/- which amount is still less than the contribution already credited by them to Govt.

3. I am to enquire precisely what the difficulties are in this case and why from time to time work has been held up in this manner. I am also to enquire whether in pursuance of the G.O. quoted above adequate provision has been made by you under '50.Civil Works' and if so to specify the amount provided for.

D.O.No.607 B/52-14 dated 7-2-1953.

My dear Kaiwar,

TUBERCULOSIS - South Kanara District - Construction of a Tuberculosis Sanatorium at Mudishedde - Execution Funds -

Ref: Your D.O.No.54180 L/52-2 dated 5th February 1953.

With reference to para 3 of your D.O. letter, I invite attention to my letter No.607 B/52-11 dated 27-10-1952. In pursuance of the direction in para 2 of G.O.No.(Ms.) No. 3526 Health dated 8-11-52, adequate provision was made under "50.a.Civil works - O.W.Buildings - Excluding P.W.Reconstruction L.Medical Major", in the Revised Estimate for 1952-53 relating to this item of work. Necessary appropriation for Rs.127,500/- has been applied for by the Superintending Engineer, Coimbatore Circle, in his final modification proposals for 1952-53 and this demand will be included in the consolidated Final Modification Statement to be submitted for the sanction of Government by 15-2-1953.

2. In para 2 of G.O.(Ms.) No.3526 Health dated 8-11-52, the Accountant-General, Madras was requested to authorise, immediately, the treasury officer, South Kanara to place at the disposal of the South Kanara District Branch of the Madras Provincial Welfare Fund, to enable them to meet the bills of the Contractor to a maximum of Rs.127507-4-6, and a copy of this G.O. had also been communicated to the Treasury Deputy Collector, South Kanara. The circumstances in which there has been delay in disbursement on the part of the Treasury officer are not known. I am, however, addressing the Treasurer of the South Kanara Branch of the Provincial Welfare Fund in this matter and will send a further communication on receipt of reply from him.

Yours sincerely,

With reference to Government Memorandum No.54180 L/52-1 Health dated 17-1-1953, we have to report as follows:-

Para 2 (1)

(i) Progress of Works:

(a) Administration Block - Roofing complete. Walls partially plastered and balance to be done. Flooring remains to be laid, doors and window shutters to be fixed and doors, windows and roof timbers to be painted.

(c) and (d) Quarters for 3 nurses and quarters for one Sub-Assistant Surgeon - Flooring remains to be done and also painting to doors, windows and roof timbers.

(e), (f) and (g): Quarters for 4 Nursing Orderlies, quarters for 3 Thoties and quarters for one Compounder:- Work completed to basement level only.

(ii) Possible date of completion of works:

Ever since the refusal from August 1952 by the South Kanara Treasury to honour and pay the contractor's bills, all works have had to be shut down since September 1952. It is true that the Government have been pleased in G.O. MS.No.3526 Health dated 8th November 1952 to direct the Accountant General to authorise the South Kanara Treasury to pay the bills, but the Treasury has not done this yet. We hardly know when the Treasury will pay the bills aggregating to Rs.44,507/- already accumulated and those further to be presented, and whether they will continue to make the payments during 53 - 54 from 1-4-1953 onwards without cessation on any grounds whatsoever, such as want of grants, etc. until the full authorised sum of Rs.1,27,507-4-6 will have been disbursed. At this stage it is impossible to say when the buildings can be completed. If there is further delay by the Treasury in the resumption of payments we fear that the monsoon will soon intervene and this will lead to stoppage of work during the heavy monsoon from June to August. For the moment we can merely say that if the Treasury will start payment of bills within a month from now on, and there is definite assurance of continuous payments during 53-54 from 1-4-1953

onwards until the full authorised sum of Rs.1,27,507-4-6 will be disbursed by the Treasury, the works can be completed by December 1953. At any rate, the works cannot be resumed until there is such assurance and the Treasury actually commences to honour and pay the contractor's bills. We therefore request the Government be pleased to issue instructions in this regard.

Para 2 (2)

The further amount of Rs.36,142-11-6 has already been collected. Out of this, a sum of Rs.1,404-15-0 was spent on boring operations and further sum of Rs.2,552-6-0 on sinking two wells, i.e. in all Rs.3,957-5-0. The balance sum is with us and is indispensably necessary for us either to meet the cost of land acquisition for the road or more particularly to make temporary advances to the contractor as it is incumbent on us to pay him owing to the legal liability created by the contract with him, particularly when the Treasury , now for the second time, has been d eclining the payments of the bills. We are not in a position to remit this amount to Government nor does it seem necessary to do so in accordance with the terms of G.O. Ms.No.3096 Health dated 5-9-1950 as it does not stipulate it, but it only implies that additional expenditure, in excess of Government share of Rs.1 lakh and the contribution of Rs.98,107-4-6 already remitted by us, is to be met by us, and we propose doing so keeping the amount under our own control and freely meet the contractor's bills without jerks or stops as now result from the present arrangement of payments through the Treasury. All such bills will be paid by us after fully satisfying the two conditions laid down in G.O. Ms.No.3096 Health of

Para 3.

The progress of the works and collection of funds so far has already been dealt with above. The works have been shut down since September 1952 owing to the refusal of payment of the bills by the Treasury. The delay in resumption is due to nonpayment of bills by the Treasury. And this delay will lead to deterioration of the buildings and also possible claims by the contractor for damages or losses sustained by him due to the prolonged stoppage of the works. The stoppage of payments by the Treasury and the consequent unavoidable stoppage of the works is very adversely affecting the further collection of funds which we would like to make.

No.66/51 dated 7-6-1951 to the Director of Medical Services, Madras (copy sent to Government) had made it clear that the above item of work was far too complicated for us and was quite beyond our capacity and therefore should be got executed by the P.W.D. Accordingly, in item v of the President's letter No.67/51 dated 7-6-1951, addressed to Government it was requested that the Government might be pleased to order the execution of the above work by the P.W.D. at the appropriate time as the buildings neared completion.

3. The above proposal has been fully approved by Government, but unfortunately para 5 of G.O. Ms. No.2844 Health dated 17-8-1951 omits to mention expressly that this item of water and drainage works etc., has to be carried out by the P.W.D. The fact that the P.W.D. is to carry out these works has been conceded as seen from para 1 of Government Memo No.54180 L/52-1 Health dated 17-1-1953, also because the figures given therein exclude the sum of Rs.20,000/- reserved for the above item of water supply, drainage works, etc. for execution by the P.W.D.

4. I request that the Government be pleased to clarify their orders making it clear that the P.W.D. should carry out the works in question.

AG(C)-478. 4th March 1953.

My dear Kaiwar,

Subject:- Tuberculosis Sanatorium at Mudishedde - Provision of Funds.

Will you kindly refer to your D.O.No.54180 L/52-6 dated 28th February 1953 on the subject noted above? The authorisation for the balance of Rs.81,977/4/6 (Rs.1,27,507/4/6 less Rs.45,530/- already paid) has been issued today to the Treasury Officer, Mangalore, with copies to the Secretary, South Kanara District Branch of the Madras Provincial Welfare Fund and the Chief Engineer (General), P.W.D., Madras.

The credit in the Govt. accounts for the sum of Rs.98,107/4/6 paid by the South Kanara District Branch of the Madras Provincial Welfare Fund had to be verified before the authorisation could be issued and details for the dates and amounts of remittances into the Treasury were called for by my office from the Director of Medical Services. The particulars were received on 6/2/53 and the verification of the credit in the accounts has since been made. This explains the time taken for the issue of the

authorisation.

My further report is given below.

At present no work is going on in Mudushedde Sanatorium. The Madras Provincial Welfare Fund here was requested to expedite the work. As a result they held a meeting of the construction Sub-committee and they have asked the contractor to take up the work urgently. As regards construction of kitchen, the committee had asked the Executive Engineer, Public Works Department to prepare a plan which he has not sofar given. I have asked them to prepare their own plan which can be forwarded to the Executive Engineer for approval.

As regards the sanitary fittings and water supply the Executive Engineer has prepared plans and estimates amounting to Rs.26,000/-. As this is Rs.6,000/- more than the funds allotted by the Government the plans have been forwarded to the Madras Provincial Welfare Fund committee for scrutiny and suggestions. The committee is actually considering the matter regarding

(i) feasibility of cutting down the estimate.
(ii) raising Rs.6,000/- to meet the additional costs.

As regards the progress of work up-to-date your attention is invited to the report of the Honorary Treasurer, Madras Provincial Welfare Fund dated 20-2-1953 copy of which was forwarded to you in this office C.No.3306/53, dated 9-4-1953.

Further reports will be sent as and when further progress is made.

The case relates to the sanction for incurring expre., in respect of the construction of the T.B. Sanatorium at Mudishedde, South Kanara Dt. In G.O.Ms. 3403-P.H. dated 26-9-49 the Govt. sanctioned the construction of a T.B. Sanatorium at Mudisheddi at a cost of Rs.3,90,800 - the South Kanara Dt.Branch of the Madras Provincial Welfare Fund donating Rs.2,67,607-4-6 for the construction and the Govt. meeting the balance of expenditure. Out of the donation of Rs.2,67,607-4-6 offered by the South Kanara Dt. Branch of the M.P.F., it has deposited with Govt. Rs.98,107-4-6.

The Govt. also provided Rs.1 lakh in the B.E. for 1950-51 for the work, but the amount was not utilised during the year and the Govt. sanctioned in August 1951 the incurring of an expenditure of Rs.1 lakh in 1951-52 on the construction of the Sanatorium. The Govt. also ordered

that out of the contribution of Rs.1 lakh from State funds, Rs.50,600 for the purchase of equipment, and Rs.20,000 for water and drainage works, should be reserved. In Memo No.61324-L2/51-7-Health dt.15-3-52 detailed instructions were issued to the A.G. for making payments to the Madras Provincial Welfare Fund South Kanara District Branch towards the construction of the T.B. Sanatorium. It was also ordered in the Memo mentioned above, that after making payments in the year 1951-52, the balance amount payable towards the construction of the T.B. Sanatorium should be disbursed in 1952-53 in accordance with the orders in G.O.No.2844 Health dated 17-8-51.

2. The Member, South Kanara Dt.Branch, Madras Provincial Welfare Fund, Mangalore has now represented to the Govt. that two bills amounting to Rs.7993 were presented to the Treasury but that the payment of the same was declined. He has requested that the sum of Rs.1,27,507-4-6 (i.e., the Dt. Branch contribution of Rs.98,107-4-6 deposited with Government plus Rs.29,400 from out of Government grant of Rs.1 lakh sanctioned in G.O.No.2844 Health dt. 17-8-51,) may be made available immediately for utilisation during 1952-53; because no expenditure was met by the Govt. during 1951-52 and the whole sum is required for utilisation possibly by December 1952. He has also requested that the instructions may be issued immediately to the A.G. and the South Kanara Treasury to honour and pay the contractor's bills without further delay upto the above limit of Rs.1,27,507-4-6 pending allotment of funds.

3. The T.D.C., South Kanara has reported that the payments made from his treasury for building purposes have exceeded the limit prescribed in Govt. Memo No.61324-L2/51-7-Health dated 15-3-52 for the purpose by Rs.16,130 and he has requested that the payments made may be ratified.

The treasury is unable to see that the contribution of Rs.98,107-4-6 by the District Branch of the Madras Provincial Welfare Fund which has been remitted to Government is also available for being used on the work.

The C.E., P.W.D. (Buildings) states that, in view of the position explained in the note dt.12-9-52 of the South Kanara District Branch of the Madras Provincial Welfare Fund, a provision of Rs.1,28,000 is being made in the Revised Estimate for 1952-53 under "50 - Civil Works", and that alterations, if any, will however be intimated to Government in due course. He recommends that the A.G. may be authorised to honour and pay the bill of the Contractor, pending provision of funds in the current year. The position may be explained to the A.G. and he may be instructed to honour and pay the bills upto ~~Rs.1,22,507-4-6~~ Rs.1,27,507-4-6 pending the provision of funds, as recommended by the C.E.

5. It may be pointed out in this connection that as per the orders in G.O.No.2844 Health dt.17-8-51, out of the contribution of Rs.1 lakh from State funds Rs.50,000 for the purchase of equipment and Rs.20,000 for water and drainage works should be reserved. The C.E. has not made any provision in the R.E. for 1952-53 for these items. It is for consideration whether the C.E. may be asked to report specifically whether no provision need not be made for the above items in the R.E. for 1952-53.

Sub:-T.B. - South Kanara Dt.- Construction of a T.B. Sanatorium at Mudishedde - Execution of.

From the Member, S.K. Dt. Branch, M.P.W.F., Mangalore dated 12-11-'52.

Extract of the remarks of Secy. from p.1 c.f.:

"This matter needs to be placed on a permanent footing. Please speak with files".

S.R.K.
14-11-52.

A detailed note regarding the construction of the ~~T.B.~~ T.B. Sanatorium at Mudishedde is put up with reference to Secy.'s oral orders.

2. In G.O.No.3403, P.H., dated 26-9-1949, the Govt. sanctioned the construction of a T.B. Sanatorium of 25 beds at Mudishedde in the South Kanara Dt. at a cost of Rs.3,90,800 ~~utilising~~ taking into account the promised/~~the~~ donation of Rs.2.67 lakhs, the balance of Rs.1.23 lakhs being met from the State funds. While accepting the offer the Govt. committed themselves to meet the entire maintenance charges of the Sanatorium from State funds. The S.K. Dt. Branch however deposited a sum of Rs.98107-4-6 only in the Treasury out of the promised donation of Rs.2.67 lakhs. Subsequently in G.O.No.3096, H., dated 5-9-50 the Govt. agreed to leave the construction work of essential buildings of the Sanatorium to the South Kanara Dt. Branch of the M.P.F.F. subject to the following conditions:-

(1) that the designs etc. of the buildings should be in accordance with P.W.D. specifications and that the construction should be done under the supervision of the P.W.D. officers.

(2) The Govt. ~~will~~ owned provide only Rs.1 lakh for the work in the B.E. for 50-51 and no additional funds ~~will~~ owned be provided for the purpose on any account.

3. The question of disbursement of the amount was later considered and in G.O.No.2014, H., dated 6-6-51, the Govt. laid down the following procedure:

(1) that the work should be checked measured/ and the bil

for payment should be prepared and checked by the Construction Sub-committee of the S.K. Branch and then presented to the Executive Engineer.

(2) that the Executive Engineer should certify that the works had been carried out in accordance with approved designs and specifications and that the value of the works done was not less than what was billed for.

(3) the bills should finally be presented to the Treasury for payment to the Contractor along with the certificate of the Ex. Engineer.

4. Necessary staff and recurring expenditure was also sanctioned for the Sanatorium separately.- vide G.O. No.2249 dated 25-6-51.

5. As the sum of Rs.1 lakh referred to in para above was not utilised in 50-51, the Govt. sanctioned the incurring of this expenditure during 1951-52. It was laid down that, out of the contribution of Rs.1 lakh for State funds, a sum of Rs.50600 for the purchase of equipment and Rs.20,000 for water and drainage works should be reserved and the balance of Rs.30,000 only spent for the works in the Sanatorium. In Memo.No.61324 L2/51-7, H., dated 15-3-52, detailed instructions were issued to the A.G. for making payments to the M.P.W.F. South Kanara Dt. Branch towards the construction of the Sanatorium. It was also ordered in the Memo. mentioned above that after making payments in the year 1951-52, the balance amount payable towards the construction of the Sanatorium should be disbursed in 1952-53 in accordance with the orders in G.O.No.2844 (H) dated 17-8-51.

6. In September, 1952, the Member, South Kanara Dt. Branch, M.P.W.F. represented to the Govt. that a sum of Rs.45,530 was so far paid to the contractor and that when a further set of 2 more bills amounting to Rs.7993 were presented to the Treasury payment was declined by the A.G. on the ground that the Dt. Branch had already overdrawn the limit of Rs.30,000/- set out in G.O.2844 (H) dated 17-8-51. He requested that a sum of

P 5 C 6 (E)

Rs.1,27,507-4-6 (i.e. Dt. Branch Contribution of Rs.98,107-4-6 deposited with Govt. plus Rs.29,400 from out of Govt. grant of Rs.1 lakh) might be made available immediately for utilisation during 1952-53 ~~because no expenditure was met by the Govt. during 1951-52~~. In G.O.No.3926, H., dated 8-11-52, the A.G. was instructed to authorise the Treasury Officer, South Kanara, to place at the disposal of the South Kanara Dt. Branch to enable them to meet the bills of the Contractor funds to a maximum extent of Rs.1,27,507-4-6 including the sum of Rs.45,530 already paid. (He was informed that necessary funds would be provided in the budget in due course in the current year. Necessary funds are being provided in the current year's budget.) The balance amount to be paid to the S.K. Dt. Branch is was Rs.81,977-4-6. (This will be made availab with reference to the above orders. (If the S.K. Dt Branch deposits ~~these funds~~ further amounts later similar procedure may perhaps be followed.

wise govt directed refer
a sum of Rs 1,23,192-11-6

Resubmitted.

2. In G.O. No. 678 dated 30-7-49, the Govt. ordered t a sum of Rs. 1,23,192-11-6, representing one half of the r surcharge amount collected from the South Kanara Central Co-Operative Wholsale Stores and credited to Govt. might be utilised for the construction of a T.B. Sanatorium in that district. At time there was a proposal from th South Kanara branch of the M.P.W. Fund to construct a Sanatorium at Mudushede with 50 beds at a cost of Rs.6,75,200. The P.W.Fund stated that it had a sum of Rs.90,000 readily available and there were written offers of donations for a further sum of Rs.80,000. The Fund we prepared to meet one half of the cost of construction of the Sanatorium viz., Rs.3,37,600. It wanted the Govt. to meet the remaining half of the capital cost and also the maintenance charges. The Govt. however considered that th scheme should be restricted to 25 beds at a cost of Rs.3,37,600. This suggestion was accepted by the Fund. The estimate was later revised to Rs.3.90.800/-. While approving the scheme in G.O. No. 3403 P.H. dated 26-8-49, the Fund should ~~m~~ contribute Rs.2,67,607-4-6 and the balance of Rs.1,23,192-11-6 being paid as Govt.'s share fro out of the surcharge amount collected from the S.K.Dist. Co-Operative Stores. ~~The Fund also agreed to meet any additional expenditure that might be required to complete the buildings~~. It ~~is~~ will be therefore not correct to say that the donation of Rs.2,67 lakhs by the Fund has taken credit of the sum of Rs.1,23 lakhs.

2. Originally the idea was that the contributions from the Fund should also be credited to Govt. and the buildings should be constructed by the P.W.D. The Fund actually paid into the Treasury a sum of Rs. 98,107-4-6 only. A sum of Rs.2/- lakhs was first provided for the scheme in the Budget for 50-51. But later this amount ~~x~~ was reduced to Rs.1 lakh as a measure of economy. Even this amount was not utilised as the question of revising the scheme and also changing the agency for ~~execution~~ execution,

was under discussion. In G.O. No. 3096(H)dated 5-9-50 , the Fund itself was permitted to execute the work subject to certain conditions.

As regards the scheme, the D.M.S. represented that owing to considerable increase in the cost of building materials it was found necessary to revise the original estimate of Rs.3,90,800 to Rs. 5,00,000. He therefore suggested that it would be sufficient for the present to construct a general ward of 40 beds and a few other essential buildings only at an estimated cost of Rs.1,85,100 including equipment (Rs.50,600) and water supply and drainage arrangements (Rs.20,000). His view was that the scheme should be started with the sum of Rs.1. 98 lakhs available i.e. Rs.1 lakh provided for by the Govt. and Rs.98,107-4-6 paid by the Fund. He suggested that out of the sum of Rs.1 lakh provided by Govt., Rs.70,600 might be set apart for equipment and water supply and drinage and the balance of Rs. 29,600 might be made available for the building scheme. The Fund agreed to the revised arrangement The estimates however underwent further modifications and the total cost went up to Rs.1,63,650/- excluding equipment and water supply & drainage arrangement. The Fund proposed to meet this expenditure as follows:-

Contribution already collected and paid	...	Rs. 98,107-4-6
Govt's share out of the budget provision of Rs.1 lakh	...	Rs. 29,400- 0-0
Further amount to be collected by the Fund	...	Rs. 36,142-11-6
Total		Rs.1,63,650-0-0

The above revised arrangement was approved in G.O. No. 2844(H) dated 17-8-51. Subsequently there was some hitch in the matter of payment of bills. Finally in G.O. No. 3526(H) dated 8-11-52, the A.G. was authorised to place at the disposal of the Fund a total sum of Rs.1,27,507-4-6 (Rs.98,107-4-6 plus Rs. 29,400) including the amount already paid, so as to enable the Fund to meet the bills of the contractors.

3 The position therefore is that the total cost of the scheme is now only Rs.2,34,350-0-0 as against the original scheme costing Rs.3,91 lakhs, which was later revised to Rs.5 lakhs. Of this amount the Fund would be incurring an expenditure

of Rs.1,34,250-0-0 and the Govt. would be contributing Rs.1 lakh. If the Govt. are to contribute the entire sum of Rs. 1,23,192-11-6 with reference to G.O. No. 678 Food dated 30-7-49, the Fund's share of the expnditure would be reduced to Rs. 1,11,057-4-6, Deducting the sum of Rs.98,107-4-6 alreddy collected by it, there will be a balance of Rs. 12,950-0-0 yet to be collected by it. If the Govt. contribution is restricted to Rs.1 lakh, the Fund has raised a sum of Rs. 36,142-11-6

4 There is no information in the office whether the buildings contemplated under the revised scheme have all been completed.

The Treasurer of the South Kanara branch of the Provincial Welfare Fund called and left with me a statement which has been filed on p.6 c.f.

According

According to him bills amounting to Rs.44,507/- are still outstanding unpaid for. The amount already paid viz., Rs.45,530/- plus bills yet to be paid, amount to Rs.90,037/- as against Rs.98,107-4-6 credited by them to Govt. It is not clear why there should be so much difficulty over passing their bills under these circumstances. A D.O. may be put up to the Chief Engineer asking him what action he has taken on our G.O. of 8-11-1952.

In G.O.No.3403, P.H., dated 26-9-1949, the Govt. sanctioned the construction of a T.B. Sanatorium of 25 beds at Mudishedde in the South Kanara Dt. at a cost of Rs.3,90,800 taking into account the promised donation of Rs.2.67 lakhs, the balance of Rs.1.23 lakhs being met from the State funds. While accepting the offer, the Govt. committed themselves to meet the entire maintenance charges of the Sanatorium from State funds. The S.K. Dt. Branch however deposited a sum of Rs.98107-4-6 only in the Treasury out of the promised donation of Rs.2.67 lakhs. Subsequently in G.O.No.3096, H., dated 5-9-50 the Govt. agreed to leave the construction work of essential buildings of the Sanatorium to the South Kanara Dt. Branch of the M.P.F.F. subject to the following conditions:-

P 9 N.6(1)

P 41 C(B)

(1) that the designs etc. of the buildings should be in accordance with P.W.D. specifications and that the construction should be done under the supervision of the P.W.D. officers.

(2) The Govt. would provide only Rs.1 lakh for the work in the B.E. for 50-51 and no additional funds would be provided for the purpose on any account.

2. The question of disbursement of the amount was later considered and in G.O.No.2014, H., dated 6-6-51, the Govt. laid down the following procedure:-

(1) that the work should be checked measured and the bills for payment should be prepared and checked by the Construction Sub-committee of the S.K. Branch and then presented to the Executive Engineer.

(2) that the Executive Engineer should certify that the works had been carried out in accordance with approved designs and specifications and that the value of the works done was not less than what was billed for.

(3) the bills should finally be presented to the Treasury for payment to the Contractor along with the certificate of the Ex. Engineer.

3. Necessary staff and recurring expenditure was also sanctioned for the Sanatorium separately - ~~vide~~ (G.O.No.2249, Health, dated 25-6-51.)

4. As the sum of Rs.1 lakh referred to in para ~~two~~ above was not utilised in 50-51, the Govt. sanctioned the incurring of this expenditure during 1951-52. It was laid down that out of the contribution of Rs.1 lakh for State funds a sum of Rs. 50,600 for the purchase of equipment and afurther sum of Rs.20,000 for water and drainage works should be reserved and the balance of Rs.30,000 only spent for the works in the Sanatorium. In Memo.No. 61324 L2/51-7, H., dated 15-3-52, detailed instructions were issued to the A.G. for making payments to the M.P.W.F. South Kanara Dt. Branch towards the construction of the Sanatorium. It was also ordered in the Memo. mentioned above that after making payments in the year 1951-52, the balance amount payable

towards the construction of the Sanatorium should be disbursed in 1952-53 in accordance with the orders in G.O.No.2844 (H) dated 17-8-51.

5. In September, 1952, the Member, South Kanara Dt. Branch, M.P.W.F. represented to the Govt. that a sum of Rs.45,530 was so far paid to the contractor and that when a further set of 2 more bills amounting to Rs.7,993 were presented to the Treasury payment was declined by the A.G. on the ground that the Dt. Branch had already overdrawn the limit of Rs.30,000/- set out in G.O.2,844 (H) dated 17-8-51. He requested that a sum of Rs. 1,27,507-4-6 (i.e. Dt. Branch Contribution of Rs.98,107-4-6 deposited with Govt. plus Rs.29,400 from out of Govt. grant of Rs.1 lakh) might be made available immediately for utilisation during 1952-53. In G.O.No.3926, H., dated 8-11-52, the A.G. was instructed to authorise the Treasury Officer, South Kanara, to place at the disposal of the South Kanara Dt. Branch to enable them to meet the bills of the Contractor funds to a maximum extent of Rs.1,27,507-4-6 including the sum of Rs.45,530 already ~~p~~paid. The balance amount to be paid to the S.K. Dt. Branch was Rs.81,977-4-6. This ~~will~~ would be made available with reference to the above orders.

In February, 1953, the Hony. Treasurer, South Kanara Dt. Branch of M.P.W.F. reported the progress of the construction of the Sanatorium as follows:-

"(i) Progress of Works:

(a) Administration Block - Roofing complete. Walls partially plastered and balance to be done. Flooring remains to be laid, doors and window shutters to be fixed and doors, windows and roof timbers to be painted.

(b) Twin Ward of 40 beds - Same remarks as in (a) above.
